Presidential Perspective

Unless you have been out of the country for the past two months, you know that our intrepid President, Editor and Webmaster, Richard "Stick" Holmes, has retired to the beautiful and wet state of Washington. He was the backbone of the SDJC for many years and will be truly missed! We had hoped to say farewell to Stick at the Classic Showcase Jamboree, but he was unable to attend that event. The board was able to pull him away from his packing long enough to give him an impromptu farewell at the Brigantine in La Mesa. We wish him the best and expect to see him at our Concours in July!

Speaking of the Concours, next year will be the 50th anniversary of the SDJC's Concours d'Elegance! While Dan Jensen and Paul Novak will be busy organizing the Concours, we have decided to form a special committee to come up with and implement ideas to make this a memorable event, perhaps highlighting the styles, culture, and of course, the Jaguars from 1964! As this committee will not be involved with the actual running of the concours, you do not need to have ever participated in a concours. So, if you would like to help out your club, please step up and volunteer to be on this one time fun committee.

For those who did not attend the Classic Showcase Jaguar Jamboree, you missed a great event. Tom Krefetz pulled out all the stops and put on one heck of a show! Please see the article in this issue to see what you missed.

As this is a combined October-November issue, by the time you read this, the SDBCC's British Car Day weekend will have happened. Watch for an article on this event in our December issue. Lastly, don't forget to save Saturday, November 9th, which is our annual Election Dinner at the Butcher Shop Steakhouse.

Cheers,

Jay

Farewell to Stick

Article by Jay Stamets

On September 4th, the SDJC board members took our club president, Stick Holmes, out to dinner at the Brigantine in La Mesa for a well deserved farewell and roast. We had originally planned to say goodbye at the Classic Showcase Jamboree, but last minute changes to Stick's moving plans prevented him from attending that event. While taking advantage of the restaurant's half-off wine special, each of us had time to personally thank Stick for all his contributions to the club and his friendship.

After dinner, he was not to get off easily as Dan Jensen, Paul Novak, Vic Chang and Grant Rummel gave an entertaining and funny roast highlighting Stick's tenure as president, editor, webmaster and overall man of mystery. As a gift from the club, Jay Stamets presented Stick with an engraved Waterford ice bucket in appreciation for his dedication and innumerable contributions to the club over the last 23 years!

We wish Stick the best in his move to Washington state. He promises to keep in touch and remain a member at large. We hope he can make it back to some of our events in the future

Farewell and Good Luck!

The Classic Showcase Inaugural Jaguar Jamboree Smokin' BBQ & Car Show

Sunday, September 8, 2013

Article by Tom Krefetz

Under a blanket of sunshine and blue skies, Classic Showcase hosted its first annual Jaguar Jamboree Smoking BBQ and Car Show at its facility in Oceanside, CA on Sunday, September 8, 2013. Classic Showcase organized the event to bring in the Southern California region's Jaguar enthusiasts together in one place to mix and mingle with one another, display their wonderful Jaguars, enjoy a catered BBQ feast, and vote for their favorite cars against warm coastal breezes. The Jamboree also gave club members and enthusiasts the chance to get an exclusive look into the inner workings of a restoration company and all of the processes involved in restoring the Jaguar marque. The summer event culminated in an award ceremony with trophies given to winning club members, and also featured a complimentary raffle that included a pair of tickets to the San Diego Chargers season opener football game.

The San Diego Jaguar Club and the Jaguar Owner's Club of Los Angeles independently caravanned to the inaugural event at Classic Showcase headquarters in Oceanside, with members proudly driving various model Jaguars from different locales throughout Southern California. Upon arrival, participants were greeted by staff at a check-in station adjacent to the Jaguar Jamboree show field area, and were given ballots to cast votes for their favorite Jaguars in several categories. By early afternoon, the show field began filling up with older and newer Jaguar models sharing the street and catching glances from all around. Appropriately enough, San Diego Jaguar Club members Jaguars were parked on the southwest end of the show field, with Los Angeles members cars situated on the Northeast corner. Many of the Jaguars on display featured unique pieces of period memorabilia, restoration photo albums, awards, and other interesting items, including an autographed photo of a member's E-Type from comedian Jerry Seinfeld! As the final vehicle entries arrived, the Jamboree show field was transformed into an historical showcase of Jaguar automotive history, showing various examples dating back to an elegant 1958 XK-150, all the way up to the sporty new, and very radical 2014 F-Type!

Members entered the Classic Showcase lobby to await several guided tours of the facility given by owner Tom Krefetz, and shop supervisor Brian Boyce. The tour began with a brief overview of the company's daily operations, where members were shown office and supply areas. The tour then found its way to the Main Showroom, where attendees were given a chance to see a fine collection of concours level Jaguar cars, with Tom giving unique insights and history into some of the more notable examples present, such as a show winning 1966 XKE, a very rare 1938 SS100, and a recently restored 1951 Mark V. The tour then moved along to the Second Showroom, which features not only Jaguars, but an eclectic collection of British, German, and Italian classics, as well as several unique vehicles including a sleek 2011 Audi R8 Spyder, a rare 1967 Fiat Abarth Race Car, and an ever-growing collection of vintage British, German, and Japanese motorcycles - some of which will be campaigned at the upcoming 2013 Del Mar Celebration of the Motorcycle.

Members were then given a tour of Classic Showcase's expansive restoration facility, where guides Tom and Brian provided information about key elements of a vehicle's restoration process, and the tools and labor involved in transforming a barn find into a concours level show car. The restoration tour began with an overview of the upholstery department and vehicle assembly area.

The next stops on the restoration tour gave attendees a glimpse of the component assembly areas, along with an overview of Classic Showcase's engine testing station, where freshly built engines are put to the test to ensure they will perform to the highest standard before vehicle installation. After a brief discussion about the mechanical intricacies of Jaguar engines, members were shown the components assembly area, where master technicians build and assemble major mechanical parts including transmissions, carburetors, braking systems, front and rear ends, and other components.

Attendees were also shown the metal and fabrication room where master technicians perform welding and other specific metal work, along with customized fabrications to help fulfill client requests. The metal room also functions as a parts and component "holding area" for cars that are currently in restoration, giving members a chance to see a wide assortment of Jaguar engine blocks, parts, and various body pieces awaiting installation in the assembly area.

The restoration tour wrapped up with visits to Classic Showcase's body shop and finishing stall areas, where Jaguars and other marques have their cosmetic kinks and bumps smoothed out to perfection, and layers of high quality paint are applied. Tom held a discussion on the various stages of body work, finishing, and the parts and materials used by master body men that provided valuable insights to those looking to perform some do-it-yourself work at home. After an overview of the body shop, attendees were shown the finishing stalls, where body men work on sanding, buffing, and polishing paint. Tom explained the multi-step process involved in producing the perfect finish, and also described some techniques and gave an overview of materials used. The restoration tour wrapped up in the vehicle service and hydraulic lift area, where vehicles are tuned up, disassembled, reassembled, and fine-tuned to mechanical perfection before hitting the road.

Jamboree attendees cast votes for their favorite Jaguars driven to the show by fellow members and then spent time before lunch viewing cars on the show field and checking out other areas of the Classic Showcase facilities. As the lunch hour approached, our hungry guests lined up for a delicious smoking BBQ catered lunch that included trip-tip beef cuts and chicken breast, along with all of the fixings like freshly made potato salad, Caesar salad, a refreshing fruit salad, and chocolate chip cookies with an assortment of drinks for all. Hunter's Steakhouse of Oceanside kept the tables full and the lines flowing, with many attendees enjoying second helpings while enjoying the sunshine and socializing with one another.

As members enjoyed their BBQ luncheon, Classic Showcase staff began counting up votes for the Jaguar Jamboree award ceremony. Tom addressed the crowd by graciously thanking club members for their participation and camaraderie, as well as for visiting Classic Showcase, showing their wonderful cars, and for doing their part to keep the Jaguar legacy alive for generations to come. Club members responded with equal praise, and thanked Tom and Classic Showcase staff for putting on a fun event. Tom then began the awards ceremony. Each club participant voted for the other club's

cars and the car with the most votes in total received the "People's Choice" award. Other categories included the "Jaguar Heritage Award", which went to the Jaguar holding the longest ownership, the "Best of Club" award, and finally an award for the Jaguar with the "Most Character".

The results of the Jaguar Jamboree are listed below:

Best of Club:

San Diego Jaguar Club: Kurt Astroth's 1974 XJ6

Jaguar Owner's Club of L.A.: Steve & Cindi Kirby's 1958 XK-150 OTS

Most Character:

San Diego Jaguar Club: Jim and Frances Robert's 1969 XKE

Jaguar Owner's Club of L.A.: Simon and Charlotte Harrison 1961 XKE OTS

People's Choice:

Jaguar Owner's Club of L.A.: Steve & Cindi Kirby 1958 XK-150 OTS

Preserving Jaguar Heritage:

San Diego Jaguar Club: Lloyd and Vickie Prosser, with 43 years of ownership of their 1970 XKE

After the Jaguar Jamboree awards were given, we had a special raffle with Classic Showcase donating 2 season opener tickets to the San Diego Charger's football game, which was a Monday night football national broadcast. Classic Showcase hopes club members and their guests had as much fun as we did hosting the event. We hope to see all of you next year at the second annual Jaguar Jamboree!

Here Comes the Judge

Here Comes the Judge

by Paul Novak, Chief Judge, San Diego Jaguar Club

This article provides information about the Jaguar Clubs of North America (JCNA) Concours d'Elegance to help you understand more about this interesting aspect of Jaguar ownership. If you are a seasoned concours Entrant, I hope this will help you enjoy it more. If you have never participated, I hope this will encourage you to join in the fun.

Provided below are some **Concours Quick Facts** that address some of the common authenticity issues encountered by Entrants at our concours this year with their Entries. Entrants are often the third, fourth or even fifth owner of a Jaguar and unaware that prior owners or their shops may have made modifications or parts substitutions that are not representative of how a Jaguar of that model and year left the factory. Chapter VI of the Rule Book is the "Judges Guide for Scoring Non-Authenticity" and provides detailed lists of the **mandatory** deductions for non-authentic items found during the judging process.

JCNA Concours d'Elegance Quick Facts

- Any items, not listed in the relevant Jaguar Cars Ltd. Parts Book, as applicable to the model, year, chassis and engine number of the vehicle, will be considered to be nonauthentic.
- Any part that is missing or that is the wrong style, type, model, size, configuration, shape, match, color, finish, material or pattern, or is wrongly positioned, is considered non-authentic.
- Items excluded from judging include: front or rear suspension components; brake drums, discs, or calipers; the underside of the vehicle, inner sidewalls of road tires.
- No deduction for type of paint. Colors must be reasonably close to production standards for year and model. Metallic colors or two-tone color schemes must adhere to factory standards. Non-production colors must be documented, by the car's JDHT certificate or an equivalent document, as having been an original color factory-applied to the Jaguar.
- Non-permanent accessories protecting the car's original equipment, such as floor mats, seat covers, steering wheel wraps, etc. should be removed prior to presenting the Entry for judging. The judge shall also request that the Entrant remove all non-factory accessories such as stuffed animals before judging commences. Such items, if left in place, will be considered non-authentic and assigned an appropriate deduction.
- Leapers are non-authentic on all XK 120s, XK 140s, E-Types and XJSs. Leapers are "non-authentic but allowed" on all 1970-1994 Saloons. "Safety" leapers introduced on 1994, X300 model saloons and subsequent are considered authentic.
- Grille-Mounted Badges are NOT allowed on Champion Division Entries. A maximum of two (2) grille-mounted badges are allowed, on Driven Division Entries.
- Tires on Champion and Driven Division cars less than 15 years old must have original speed ratings or speed ratings equal to or superior to the original
- Steering wheels with non-original wrapping are considered nonauthentic. Wrapping may be removed before judging. Original type steering wheels whose dimensions are other than as supplied at time of production are considered nonauthentic

Coronado Speed Festival

September, 2013

article by Kathleen Steele

The Coronado Speed Festival was a great mixture of beautiful cars, exciting races with serious noise, interesting exhibits and good junk food!! Al went both days, and enjoyed it all. I enjoyed being there on Sunday, sitting in the stands with Deborah Harding, both of us wearing big Mickey Mouse ear protectors, watching her husband, SDJC member Joe Harding win his class in his 1986 Ralt Formula 3 race car . He had to pass 2 cars with deft driving to do it!! Brilliant. Also enjoyed the Pit Crew Competition with different Navy commands competing. There really wasn't a SDJC presence on Sunday in the Car Club area. By the time we were there at 9:30, the Jaguar area was getting filled up with other marques of cars...and there were only two other sedans, in addition to our blue '68 XKE. Small presence, but great attention, as it was the only XKE on the premises, outside of the race car in the photo! Thank you to the Jaguar Club representatives for getting the Corral passes.

Program Description

Jaguar Clubs of North America members receive a \$1,000 customer cash offer upon verification of current membership. A Customer PIN form will be given to the organization member by selling dealer. It asks for basic information and the JCNA member will be required to produce a current JCNA membership card. This form must be completed and kept in deal jacket for audit purposes. The full amount of the Customer Cash must be applied to the purchase or paid directly to the customer. Outcycled Dealer Service Loaners and Ex-VIP vehicles are eligible for this program. SAN DIEGO JAGUAR CLUB DISPLAY at JAGUAR SAN DIEGO

1988 Jaguar XJS Coupe

The Jaguar XJS is a luxury grand tourer produced by the British manufacturer, Jaguar, from 1975 to 1996. The XJS was based on the XJ saloon platform and replaced the E-Type in September of 1975. It had been developed as the XK-F, though it was very different in character from its predecessor. Although it never had quite the same sporting image, the XJ-S was a competent grand tourer, and more aerodynamic than the E-Type. The last XJS was produced on April 4, 1996. 115,413 had been produced during a 21-year production life. The model was replaced by the XK8.

This 1988 Jaguar XJS Coupe, finished in “Arctic White” exterior and “Isis Blue” leather interior, was purchased new by long time San Diego Jaguar Club member Roger Townsend. It was acquired through Roger’s estate by the car’s current owner, Ann Warren.

The car is in perfect unrestored condition including it’s flawless exterior paint and full leather interior. It is a very well maintained and low mileage car with only 80,000 miles on the odometer since new.

If you would like to have your Jaguar featured for a month at our sponsoring dealer, Jaguar San Diego, contact our club dealer display representative, Jim Hallameyer, at jimhallameyer@cox.net or 619-440-7893.
