Presidential Perspective

Spring has arrived! We can still use some rain, just not on drive days.

The drive and lunch at Jeremy's on the Hill was outstanding. The scenery was most impressive, the lunch and service were excellent, and the enthusiastic attendees seemed to enjoy themselves. There were 80 members in attendance, the largest number of attendees at any recent event other than the Concours. A dozen new members or first timers got their introduction to the wonderful social events that the club sponsors. Bob and Ali Proctor did a fantastic job of planning this event. Afterwards Terry and I continued about a mile up the road and shared samples of 8 different flavored hard ciders. We have never done that before, but we really only found 2 or 3 to our liking.

Next month we join up with the other members of the British Car Council for a drive to Bates Nut Farm. If you have not attended this event before, it is a fantastic opportunity to mix with numerous British car owners, swap lies about your car and enjoy a fun drive.

In May we will be meeting at the Poway Brigantine for a SDJC Member Celebration Luncheon. Nedra Rummell is well along in planning this event. Details on this and the British Rolling Car Day are both included in this issue.

In the meantime, have a Hoppy Easter and don't eat too much chocolate or too many jelly beans.

George

LET'S DO THIS! DRIVE AND LUNCH

Saturday, March 24, 2018

Recap by Ali Proctor

Photos by Roger McDonald, Bob Proctor, Dave Allen & Matt Allen

And by golly we did! 80 attendees and over 40 cars (what the what?) signed up for the drive and lunch at **Jeremy's on the Hill**. I believe this may be a club record. We started with 21 cars at UTC, had another 10 join us in Alpine and finished with another 10 in Julian!! WOW.

Extra props go to Tim & Debbie Bennett and Chuck & Kathy Leuthen who had the additional hour + drive time down from Orange County *before* the 2 ½ hour drive planned to get to lunch (and not a word of complaint) as well as Al & Olga Quale all the way from Valencia! We left UTC promptly at 9:30 (with mall security hot on our heels). New members: Ted Nulty, Ryan Gifford & Angela Perez, and the Noren Family all joined some of the more seasoned members at the starting location.

We made it to Alpine in a little less than an hour. There we caught up with new member Keith Ranson and a several more long-time members. After a quick pitstop, health-break, coffee, and **some** members even having a pre-lunch snack (Dave A - yes, we are looking at you), we headed out and made our way smartly to Jeremy's on the Hill (although I am still trying to figure out how Ted Nulty was one of the last to leave Alpine and be the second one to arrive in Julian). Dan Jensen commented that we had even managed to find a road he had never been on before! We were greeted at the restaurant by several more members who just couldn't wait for the SDJC's curated lunch and had decided to skip the group drive in order to meet the rest of the club at Jeremy's. These included new members: Brenda Giguere and Wade Hostler along with members: the Kleins, Wheatley's, Spriggs, Mortlands and more.

The staff at Jeremy's did an outstanding job of fitting us all in comfortably (how the heck did they manage that?) and serving us delicious food promptly and with a smile. Our illustrious President George Klein made a short and sweet welcome speech and we all had time to catch up and make new acquaintances.

Logo Tsarina Marie Allen opened her trunk and sold some SDJC Swag. Matt Allen joined with Roger McDonald in catching all the action of the day on digital media for the club's posterity. Thanks to all attendees for turning up and making it a great day.

Cheers, Ali

Notes from the Judges Tent

By Pete Rieth, Chief Judge, San Diego Jaguar Club

This month, we'll first focus on some "Hot Wash-up" results of the JCNA Annual General Meeting (AGM) 24 March 2018 pertinent to concours judging. These comments are summarized for the sake of brevity. Be sure to read the full minutes text when available on the JCNA website.

AGM 18 Concours Committee Summary:

- Concours Class Consolidation – a number of the Concours classes have little participation resulting in a lack of competition.

Action

1. The Concours Committee will study this issue and prepare a Class consolidation proposal, if deemed appropriate, to be presented at the 2019 AGM

- Concours Program – The participation of modern Jaguar cars is creating an unnecessary and time-consuming judging process for the newer Jaguars, as a result of using Rules and Scoring Sheets intended for judging restored Jaguar cars. The modern Jaguars have not aged to the point of requiring restoration.

Actions

1. Consider the development of a Vintage Concours and Modern Concours Program

2. Urge JCNA to consider Rules and Scoring sheets for Modern Jaguars that is commensurate with the necessary judging of these unrestored Jaguars.

3. The Concours Committee to review this issue and prepare a proposal to be presented at the 2019 AGM.

AGM 18 Judge's Concours Rules Committee (JCRC) Activity Summary:

- XK120 Judging Guide: The guide was reviewed by Dick Cavicke at a Friday AGM seminar, followed the next day by delegate approval of TRIAL concours use in 2018, and a vote at the 2019 AGM regarding final acceptance. XK 120's registering will need to provide original engine & chassis #s and build date to enable assigned judging teams to properly prepare due to wide configuration variability.
- Judge's Test: An update of the Judge's Test will be distributed, to JCNA Chief Judges in April 2018.
- Fire Extinguishers: Clarified the Special Division, Class S1/PD, Fire Extinguisher requirements to be contingent on the conditions under which the Entry qualified for the class. Active racers must have.
- Wire, Alloy Wheel and Brake-Component Cleanliness Judging: Clarified the cleanliness judging of wire and alloy wheels and visible brake components. (New: Judge the visible brake discs, calipers, and brake drums for cleanliness only; exclude light brake dust.) *"If it can be seen, it should be clean."*
- White Wall Tires: Clarified the authenticity of white wall tires, in Champion Division, is contingent on their being officially offered for the Entry in the applicable Spare Parts Catalog.
- Miscellaneous: Rule Book administrative edits and scoresheet format corrections were proposed by the Rule Book Editor, Steve Kennedy. JCRC approved their incorporation.

SDJC 2018 Concours Judges Training.

Preparations have begun for our Saturday July 14th Concours being held at Spanish Landing Park. **Please RSVP to me at least 3 days before any class that you plan to attend so that there will be plenty of refreshments and training materials available. See the SDJC website to RSVP.**

- Concours 101. A classroom presentation, show and tell, and informal discussion of JCNA concours for those unfamiliar with concours but interested in learning about it. One weekend session is planned on May 12th beginning at 1:30 PM in the San Diego Auto Museum training room. The session will last about 90 minutes.
- Concours 201 (Optional). A session to get Apprentice Judges and Judges whose certification has expired (or is about to) up to speed so that they can participate as Certified Judges at our 2018 Concours. Hands on judging of Jaguars using official score sheets, JCNA Concours Rule Books and JCNA Judge's Guides will be emphasized. A volunteer will be most welcome to host the event. Scheduling dependent upon level of interest.

- Concours 301. The formal, annual Judges Refresher Training required each year by JCNA to recertify Judges for the current concours year includes a classroom presentation, a review of the more important aspects of the JCNA Concours Rule Book, and discussions of the Rule Book changes for 2018. The written 2018 Judges' Test will be administered. Session 1 on May 12th at the San Diego Auto Museum beginning at 9 AM, and session 2 on Saturday June 16th beginning at 9 AM at Classic Showcase in Oceanside. Each session normally lasts about 3 hours.

2018 JCNA Concours in the Southwest Region.

Here are some established 2017 JCNA Concours of interest to SDJC members. I will update this list as JCNA approves and posts the Concours sanctions requested by the individual clubs.

- 20 April - Club Jaguar A.C., Gran Concurso de Elegancia Jaguar Club Mexico Las Caballerizas, Dos Rios, Huixquilucan, Estado de Mexico (South Central Region)
- 20 May - Jaguar Owners Club of Los Angeles Concours, Muckenthaler Cultural Center Fullerton California
- 14 July - San Diego Jaguar Club (Note: Again this year, by popular demand, it's on a **SATURDAY**), Spanish Landing, San Diego, CA
- 11 August - Jaguar Club of New Mexico Jaguar Club of NM Concours, on the plaza in Santa Fe, NM
- 23-26 August – Jaguar Corral at 2018 Rolex Motorsport Reunion, Laguna Seca Mazda Raceway, Monterey
- 30 September - Jaguar Club of Southern Colorado, 2018 Pikes Peak Concours, Colorado Springs
- 19 October - Jaguar Club of Central Arizona, Saloons in the Old West 2018, San Marcos Plaza, Chandler, AZ
- 1-4 November International Jaguar Festival, Hilton Santa Barbara Beach Front Resort (**Judges: Heads up! Our club will be expected to support the concours portion of the event Friday 2 November with a very sizeable contingent of certified judges – more to follow!**) See The new website www.IJFsantabarbara.com for further details.

Technical Tip – Otter Switches on XK Engines

Virtually every year we see otherwise very well prepared early cars presented with incorrect thermostatic switch connectors mounted. The thermostat (also called an “Otter” switch) is used for the starting-carburetor solenoid. The most common issues are spade vs. threaded connectors and improper mounting hardware. From engine no. W.1251 onward (those we see most often), cars were fitted with the C.2474 thermostat/Otter switch shown here. It is fastened to the water outlet elbow by three nickel-plated hex-headed bolts which may be marked “R”, “S” or dimpled in the center, with shake proof washers. A single wire from the thermostat/Otter switch (fastened by a unique nickel-plated dome nut), attaches to the starter-carburetor solenoid. The switch style changed to a Lucas (blade) style connector, part number C.22516 in late 1962 (reference the 1961 and 1962 master parts catalogs and 2011 & 2016 JCNA Authenticity Help Line and Protest Committee findings on the subject)

Source: XK 120 (March 1950-1954) AUTHENTICITY & JUDGING GUIDE by Robert G. Sheridan (2018)

Looking for a Few Good Women and Men for Concours Judges.

Several new Judges were certified in 2017 (Big thanks and congratulations!), but we still need more. We are definitely looking for a few good women and men to become Concours Judges.

We will also need one or two judges, or arithmetically competent volunteers, to serve the day on the Score Keeper team whose mission is to ensure that the rough scores offered during the trophy presentation are indeed accurate and complete. This is an ideal opportunity to learn a bit about how the mechanics of the process work for those who might have ‘always wondered’! Please contact me if you are interested.

If you have any questions about this article or JCNA Concours d'Elegance participation, please contact me by Email at: 60Jaguar@gmail.com or (619) 813-2005.

News Flash

The new XK 120 Judging Guide is available for purchase through the JCNA website at a cost of about \$40. For the serious owner or restorer, Robert Sheridan (JOCLA) will be printing initial copies his new 295-page hard cover book (including dust cover) called, *JAGUAR XK 120 AUTHENTICITY & JUDGING GUIDE*, organized in JCNA JUDGES SCORE SHEET SEQUENCE. If interested, you can pre-order one or more “signed” copies for delivery in about 6-weeks. For details, visit www.xk120authenticityguide.com. This book contains a great deal more content and photos than the Judging guide, including coverage of the relatively rare, early alloy body cars and several detailed appendices. **Caution: Neither of these is (now) listed in the JCNA Rule Book, Appendix C as a source for documenting authenticity.**

Where in the World...

... was Dave Putnam?

Well, he was in **Columbus Ohio**. Dave's holding the cover of the February issue of Jaguar Tracks while standing with his long-time friend George Keller. While there in Columbus, Dave was able to attend a Jaguar Club meeting with his old club, the Jaguar Association of Central Ohio.

Their meetings are held in a place called "The Barn". As can be seen by the photos, it's quite a barn. All the cars are owned by George, an avid collector, including the XKR that was once owned and raced by Tony Gentilozzi in the Trans-Am series.

Fake News or Alternative Facts? You be the judge.

Kathy and I had a nice visit with SDJC members Will Nighswonger and Nedra Rummell at the March 11th British Invasion event in Dana Point. While there, Nedra told us about a recent brush with the law that I found quite interesting. You too may find it enlightening.

It seems Nedra was driving her 2011 XJL rather sportingly, as she is known to do, and was pulled over by a young rookie policeman. She tells us this is how it went:

Nedra Rummell: "Is there a problem Officer?"

Young Officer: "Yes Ma'am, you were speeding. I just clocked you doing 70 in a 45 mile per hour zone. Can I see your license please?"

Nedra: "I don't have one."

Officer: "You don't have one?"

Nedra: "No I don't as I'm legally blind."

Officer: "I see. Can I see your vehicle registration please?"

Nedra: "I can't do that either as I stole the car."

Officer: "Stole it? From who?"

Nedra: "I didn't ask his name. I just shot him, threw my gun in the glove box and him in the trunk."

At this point the young officer, visibly shaken, backed away from Nedra's car and called for backup. Within minutes, several police cars pulled up, surrounding the car. A senior officer conferred with the young officer then slowly approached the car, clasping his half-drawn gun.

Senior Officer: "Ma'am, can you step out of your vehicle please?"

Nedra: "Is there a problem, sir?"

Senior Officer: "Please open the trunk of your car."

Nedra opened the trunk of the Jag revealing nothing but a spare tire and a concourse ready interior.

Senior Officer: "Is this your car?"

Nedra: "Yes, it is, sir."

Senior Officer: "License and registration please."

Nedra says "Yes, Sir" and hands over her license and proper registration as requested.

The Senior Officer, looking quite perplexed, examines the documents and says: "Thank you, Ma'am. The officer that pulled you over told me you don't have a license, you stole this car, you shot the owner, you have a gun in your glovebox and a body in the trunk."

Nedra: "Oh my goodness! And I'll bet he said I was speeding too."

That's our Nedra!

Letter of the Month.

Dear Mr. Editor, Al Steele here. I just finished reading a great book and would like to offer a **Book Review of "A Bush Pilot's Story" by Lynn Wyatt.**

For those of you that happened to buy one of Lynn Wyatt's books at the SDJC Christmas party, it was a great opportunity. If you have not had a chance to read it, you need to get into it. It is a quick read at a 132 pages--even with someone like me who reads at the "See Dick, See Jane" speed.

By the time you read the first few chapters, your suspicions will be confirmed that you have to be absolutely crazy to do this. Lynn does a great job of describing the nasty weather that he is flying through, the sheer cliffs he is just missing, the scenic vistas, and the majestic mountains all around. There is light- hearted moments, and moments of stark terror that are vividly described by Lynn.

Whether in a Cessna 185 or 206, or a Beaver or de Haviland Widgeon, you will get the feeling that you are riding with Lynn as he is buffeted and battered by the elements, as he perfects the skills of a seasoned bush pilot. I almost got airsick just reading about some of the harrowing experiences.

After 12 years of this life in Alaska, we are glad that he had an opportunity to tell of his experiences and to record the events. We are especially glad that he survived and was around to personally autograph the book. Well done Lynn!

Al Steele

Thanks Al. Great review. I thought the book was too! Ed.

Auto Windscreens launches first prescription windscreen!

The UK company has launched what they claim is the "first prescription windscreen."

"Researching the curvature of corrective lenses for myopia (short sightedness) led Auto Windscreens to successfully develop a windscreen which can be curved to match an individual's ophthalmic prescription. The resulting prescription windscreen will ensure that drivers will never have to be frustrated with finding their glasses or, more importantly, risk driving illegal without them"

Constantly having to swap your glasses or remember to bring along a pair for driving? Do away with the hassle, as Auto Windscreens, innovators in automotive glazing, has successfully launched its first prescription windscreen.

The ingenious creation has been the result of pioneering research and development from the company's state-of-the-art factory, based in Chesterfield, Derbyshire.

This will bring welcome news to drivers who, according to a poll of adults by YouGov*, over half surveyed needed glasses or contact lenses to drive. A fifth of those drivers who require glasses or contact lenses to drive, confessed they had driven without them, whilst 1 in 3 of all adults didn't realize it was against the law not to wear your glasses or lenses whilst driving.

Having been successfully tested by the Dunlop MSA British Touring Car Championship driver Tom Chilton, the young glasses wearer has fitted his car with the prescription windscreen for the new racing season.

Nigel Davies, Auto Windscreens Sales and Marketing Director said: "We're delighted with this breakthrough development. Auto Windscreens is at the forefront of innovation in the automotive glazing marketplace and this latest development - the prescription windscreen - is one of our best. The benefits to drivers are numerous. Not only will cars fitted with the new prescription windscreen help keep glasses wearers safe and legal on our roads but it could potentially lead to a reduction in vehicle theft. We anticipate the prescription windscreen will be a success and we're currently researching and developing a bi-focal windscreen."

Every car fitted with the Auto Windscreens' prescription windscreen comes with a car kit of special cleaner and oversized cleaning cloth.

In partnership with Auto Windscreens, US Jaguar and Land Rover dealerships will begin taking orders for this new technology option on all JLR vehicles starting April 1, 2018. View breakthrough technology video [HERE](#).

Immortalize Your Cat!

As I mentioned earlier in my exposé on Nedra Rummell, Kathy and I spent a great Sunday afternoon in Dana Point this past month at the British Invasion. While there we met a fine young artist by the name of Ben Lopez.

Ben specializes in creating great colored renderings of classic cars from photographs. We were all extremely impressed with his talent. If you're interested in having a rendering of your Jaguar done you should contact Ben. A sample of his work and his calling card is shown below. He can be reached at lopezworks18@gmail.com.

Editor's note: Remember when going out of town to print out a copy of the cover page of the most recent "Jaguar Tracks" and take it with you. When you find a good setting just snap a picture of yourselves holding up the cover page with a nice view of the scene behind you. And if you've got your Jag in the shot, even better. Then all you need to do when you get home is email the picture to chuckleuthen@cox.net along with a description of where you're at and I'll do the rest to feature it in a "Where in the Word" article!

Send any and all positive comments, feedback and suggestions to chuckleuthen@cox.net. Complaints and criticisms can be sent to my wife Kathy who is keeping a rather extensive file.
